

Reflect, Don't Just Memorize

Your chart is most helpful when it creates a kinder, clearer relationship with yourself. Let these prompts open a conversation rather than force an answer.

1

Which placement made me feel most seen - and why?

2

Which placement did I resist at first? What might it be protecting?

3

Where do I recognize a natural gift I have been overlooking?

PRACTICE SELF-COMPASSION

Turn Awareness Into Choice

Astrology can name a pattern, but awareness gives you room to respond differently. Use these prompts to turn insight into a grounded next step.

1. WHAT PATTERN AM I READY TO MEET WITH MORE COMPASSION?

2. WHAT DOES THE STRONGEST VERSION OF THIS PLACEMENT LOOK LIKE?

3. WHAT IS ONE SMALL CHOICE THAT HONORS WHO I AM BECOMING?

Your chart is a mirror, not a verdict.
